Imko Marijnissen

PhD Candidate

I.C.W.M.Marijnissen@tudelft.nl imkomarijnissen.com ImkoMarijnissen

Summary

PhD candidate at Delft University of Technology, focussing on scheduling for quantum computing.

Experience

National Institute of Informatics, International Internship Program — Tokyo, Japan
Research Internship on 'Constraint Propagation in Domain-Independent Dynamic Programming' with Ryo Kuroiwa. — Aug 2025 – Oct 2025 (3 months)

Delft University of Technology, PhD Candidate — Delft, Netherlands
PhD Candidate focussing on scheduling for quantum computing. — 2023 – present (3 years)

- Scheduling
- Constraint Programming
- Lazy Clause Generation

Delft University of Technology, Teaching Assistant — Delft, Netherlands
Teaching Assistant for various courses. I helped with questions related to course material, grading of Assignments/Exams and creating Assignments/Exams. — 2020 – 2023 (3 years)

Education

Delft University of Technology, Computer Science — Delft, Netherlands
Master's Degree - Cum Laude — 2021 – 2023

Delft University of Technology, Computer Science and Engineering — Delft, Netherlands
Bachelor's Degree - Cum Laude — 2018 – 2021

Publications

From Literals to Atomic Constraints: Generalising Conflict-Driven Clause Learning for Constraint Programming — 2026
Imko Marijnissen, Maarten Flippo, Emir Demirović
32nd International Conference on Principles and Practice of Constraint Programming (CP 2026)

Domain-Independent Dynamic Programming with Constraint Propagation — 2026
Imko Marijnissen, J. Christopher Beck, Emir Demirović, Ryo Kuroiwa
Proceedings of the International Conference on Automated Planning and Scheduling

Unite and Lead: Finding Disjunctive Cliques for Scheduling Problems — 2025
Konstantin Sidorov*, **Imko Marijnissen***, Emir Demirović
31st International Conference on Principles and Practice of Constraint Programming (CP 2025). * Equal contribution

A Multi-Stage Proof Logging Framework to Certify the Correctness of CP Solvers — 2024
Maarten Flippo, Konstantin Sidorov, **Imko Marijnissen**, Jeff Smits, Emir Demirović
30th International Conference on Principles and Practice of Constraint Programming (CP 2024)

Towards the unification of the Core-Guided and Hitting Set Maximum Satisfiability approaches — 2023
Imko Marijnissen
Master Thesis, Delft University of Technology

Solving Cluster Editing Using MaxSAT-based Techniques 2021
Imko Marijnissen
Bachelor Thesis, Delft University of Technology

Skills

Computer Science: Scheduling, Cumulative Constraint, Constraint Programming, Lazy Clause Generation, Solver Implementation, Maximum Satisfiability

Languages

Dutch: Native Speaker

English: Fluent

German: Basic Proficiency

Certificates

Certificate in Advanced English - C2
Cambridge
